Dear Daniel

BC17: Medway Valley AWS & Block Controls Stage 3 Commissioning

As you are aware stage 3 commissioning was successfully completed to programme last weekend. Given the scale of the task and the problems encountered on stage 2 commissioning this is an excellent result that you as an individual and the whole team can be proud of.

Please accept this letter as a formal thank you on behalf of Amec Spie Rail, the project team and myself.

Yours Sincerely

A handwritten signature in blue ink, appearing to read 'S. Deeprise', with a stylized flourish at the end.

S. Deeprise  
Project Delivery Manager.
