Dear *Steve*

LINCOLN S & C AND RE-SIGNALING PROJECT – SUCCESSFUL COMMISSIONING

We would like to pass on our thanks to you, as part of the Lincoln project, for all the effort and dedication in bringing this Network Rail contract to a close safely to programme, quality and budget.

The result has only been achieved by your determination and dedication to work not only with your immediate company colleagues, but all other contractors on the project. It has demonstrated to all what can be achieved by the Westinghouse Rail Systems Limited Construction Group to deliver under extreme pressures, both internally and externally.

Since commencing the handovers with the Network Rail Maintainer he has, on numerous occasions, commented on the quality of the installation and you can all be justly proud of his comments on your work.

We look forward to working with you again on many other projects.

Yours sincerely

BRYAN PRATT
Principal Construction Manager
